Visit ned.neclease.com or call an **NEC Financial Services** representative at **800-451-5361** for further details.

These twenty-four (24) or thirty-six (36) month lease terms are offered with a Fair Market Value ("FMV") end-of-term purchase option, available through NEC Financial Services, LLC ("NECFS") to qualified commercial business customers, in existence for two (2) or more years, located in the U.S. only. Subject to credit and equipment approval, acceptable lease documentation and other terms and conditions as may be required by NECFS in its sole discretion. Minimum equipment cost to qualify for this lease promotion is \$5,000 (exclusive of sales tax). Cost of software, licenses and installation qualify for the 0% implicit lease rate provided they do not exceed 50% of the total cost of all hardware and these soft costs combined. Costs for Maintenance that are in excess of the preceding must be blended at our current \$1.00 finance lease rates. Maintenance may be added as a pass through under the guidelines of our Pass Through Maintenance Program. Offer may be withdrawn or changed by NECFS at any time and without notice or obligation. Lease rates quoted do not include applicable sales tax. Fair Market Value Lease does not provide automatic ownership or any acquisition of equity in the leased equipment. At the end of the lease term, the lessee has the following options: Purchase the equipment for fair market value as determined by Lessor; extend the lease for fair market value as determined by Lessor; or return the equipment to Lessor. No sales assistance fees (SAF/VSFA) permitted under this promotion. Applications must be submitted between January 1, 2017 and March 31, 2017. Qualifying leases must be funded by May 31, 2017.
